	51/39021				
	51/39022				

2

1. Comment. Aviation gasoline is produced at the synthetic oil plant at Schwarzhelde. The fuel is shipped to major fuel depots of the Twenty-Fourth Air Army. The term solvents is used for reasons of concealment. Commercial fuel deliveries were not included in this report.

2. Comment. The Leuna Works mainly serve the major GDRG and army fuel depots in East Germany.
